## CRAFTED IN EUROPE

MEYER - SINCE 1890

In 1890 the Meyer Family founded the Meyer sawmill in Kalsdorf near Graz, in the heart of Styria in Southeast Austria. Today, Meyer Parkett is one of the leading suppliers of flooring in Austria and trades internationally.

Our company has stood for quality products, passion and innovation for over 130 years. An awareness of tradition and a sense of progress combined in a versatile flooring product portfolio, which ranges from wooden flooring to polymer composite floors. For many years, the name Meyer stands for quality, reliability and customer satisfaction.

We present BEKKER - a fine new wooden flooring collection, designed and crafted for global homes. From Meyer Parkett, Austria.

### FLOORS YOU'LL LOVE FOREVER

Laminate flooring stands out as an excellent option for those seeking a resilient and low-maintenance flooring solution that also exudes the warmth and timeless appeal of wood. Crafted through the fusion of layers of high-density fibers, topped with a decorative layer, laminate flooring has the power to redefine the ambiance of any space it adorns. The Bekker laminate flooring range offers an impressive spectrum of colours, ranging from serene greys to rich hues flawlessly replicating the intricate natural grain patterns of oak, walnut, and hickory.
